

# ALFRESCO SHADE

QUALITY FABRIC STRUCTURES

## ALFRESCO AWNINGS

To create a peaceful space in our crowded lives is often as simple as specifying a privacy screen.

Translucent mesh creates a visual barrier between the world & you. It blocks out weather, allows soft diffused light through & allows you to see out. There is a large range of mesh fabrics from shadecloth to architectural grade mesh PVC's that will colour co-ordinate with any décor.

They can be a permanent tensile panel or café style blinds that can roll away as wall panels. Privacy screens can be used on existing buildings that combine vertical and horizontal elements.
