

ALFRESCO SHADE®

QUALITY FABRIC STRUCTURES

CLEAR CAFE BLINDS

Expanding Your Living Space

Alfresco Shade Café Blinds, provide the perfect solution for enclosing terraces, courtyards, patios and verandahs to expand your living space. Clear Café Blinds provide protection from prevailing wind and unwanted rain whilst maintaining your existing views.

It only takes a small effort to turn the removable handle to lower or raise the blinds and each curtain is individually mounted enabling you to adjust your curtain to suit various weather conditions. This range can operate in all weather conditions and hides itself away when not in use. Our curtains are made of 1mm thick clear PVC fabric, have individual gearboxes, which are operated manually by using a crank handle to raise and lower the curtain.
