

ALFRESCO SHADE®

QUALITY FABRIC STRUCTURES

PATIO DINING

Protect you from the elements while never losing that outdoor feeling

A new exciting different range of light structures for out door patios, combining elegance, volume and space with great design.

Alfresco shade has married 3D sail design with a curved modular structure to create **patio dining**. This range of structures is designed for home patio or can be scaled up to commercial outdoor areas.

A modular range of structures built from square frames of powder coated steel supporting a high quality PVDF architectural fabric roof that is very heat reflective. The integration of Clear cafe' blinds services and gutters complete the extension.
